

ITS 2014 Interactive Tabletops and Surfaces

Call for Sponsors

ACM Interactive Tabletops and Surfaces 2014

Dresden, Germany, November 16-19, <http://www.its2014.org>

We invite you to support the ITS 2014 conference through financial sponsorship.

Researchers from academia and industry, student researchers, and industry leaders engaged in the interactive surface computing research field meet at the ITS conference each year. ITS provides a forum for academics and practitioners to discuss challenges and innovative solutions for effective interactive surface computing systems. The conference covers the design, evaluation, and application of techniques for a wide range of interactive surface technologies, with a focus on large-format surfaces, such as interactive tabletops and walls, but also related to smaller surface devices such as multi-touch smartphones and tablets, gesture-based systems that enable arm or whole-body-input. ITS is also a forum for introducing and discussing next-generation surface technologies, such as water-based interfaces, floor- and room-based interfaces, and deformable interfaces. The conference proceedings are published in the ACM Digital Library one of the most important publishers of computer research in the world.

Supporting the event is an ideal way to demonstrate your organization's interest in and commitment to the field and to publicize this support to many leaders and students in the field. Sponsors also improve the quality of the conference, display support for the community and demonstrate their commitment to the area of research activity. We have four corporate support levels (Platinum, Gold, Silver, and Bronze), as well as opportunities for supporting specific conference events. Corporate support is very important to the

conference, and the conference committee ensures that these contributions are well recognized. We list the benefits and costs below. (If you can think of another benefit that would make this more attractive to your company, please let us know!)

Corporate Support Levels: Opportunities and Benefits

We have 4 levels of sponsorship: Platinum, Gold, Silver, and Bronze. In addition, there are a variety of opportunities to sponsor specific elements of the conference (and get further exposure for your company or organization). Details are below.

Packages are negotiable in regards to the items they include and can be adjusted to specific needs. Note that all amounts are listed in USD (\$), but equivalents in other currencies are welcome.
